**National Food Products Limited,
Reading, PA; Negative Determination
on Reconsideration**

On February 4, 1997, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The petitioner presented evidence that the Department's survey of customers of National Food Products Limited was incomplete. The notice was published in the **Federal Register** on February 13, 1997 (62 FR 6808).

The Department initially denied TAA to workers of National Food Products Limited because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The investigation revealed that none of the customers purchased imported canned mushrooms during the January through June time period of 1995 and 1996.

The petitioner claims that the Department's customer survey did not evaluate imports of canned mushrooms for the July through December 1996 time period.

On reconsideration, the Department examined U.S. imports of mushrooms. Findings show U.S. imports of processed mushrooms increased both absolutely and relative to U.S. production from 1994 to 1995. From 1995 to 1996, U.S. imports of processed mushrooms declined absolutely.

On reconsideration, the Department conducted another survey of the major declining customers of the subject firm regarding their imports of 4 oz. retail canned mushrooms during July through December 1996. The survey results concluded that none of the customers purchased imported product during that period.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of National Food Products Limited, Reading, Pennsylvania.

Signed at Washington, DC, this 16th day of May 1997.

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.
